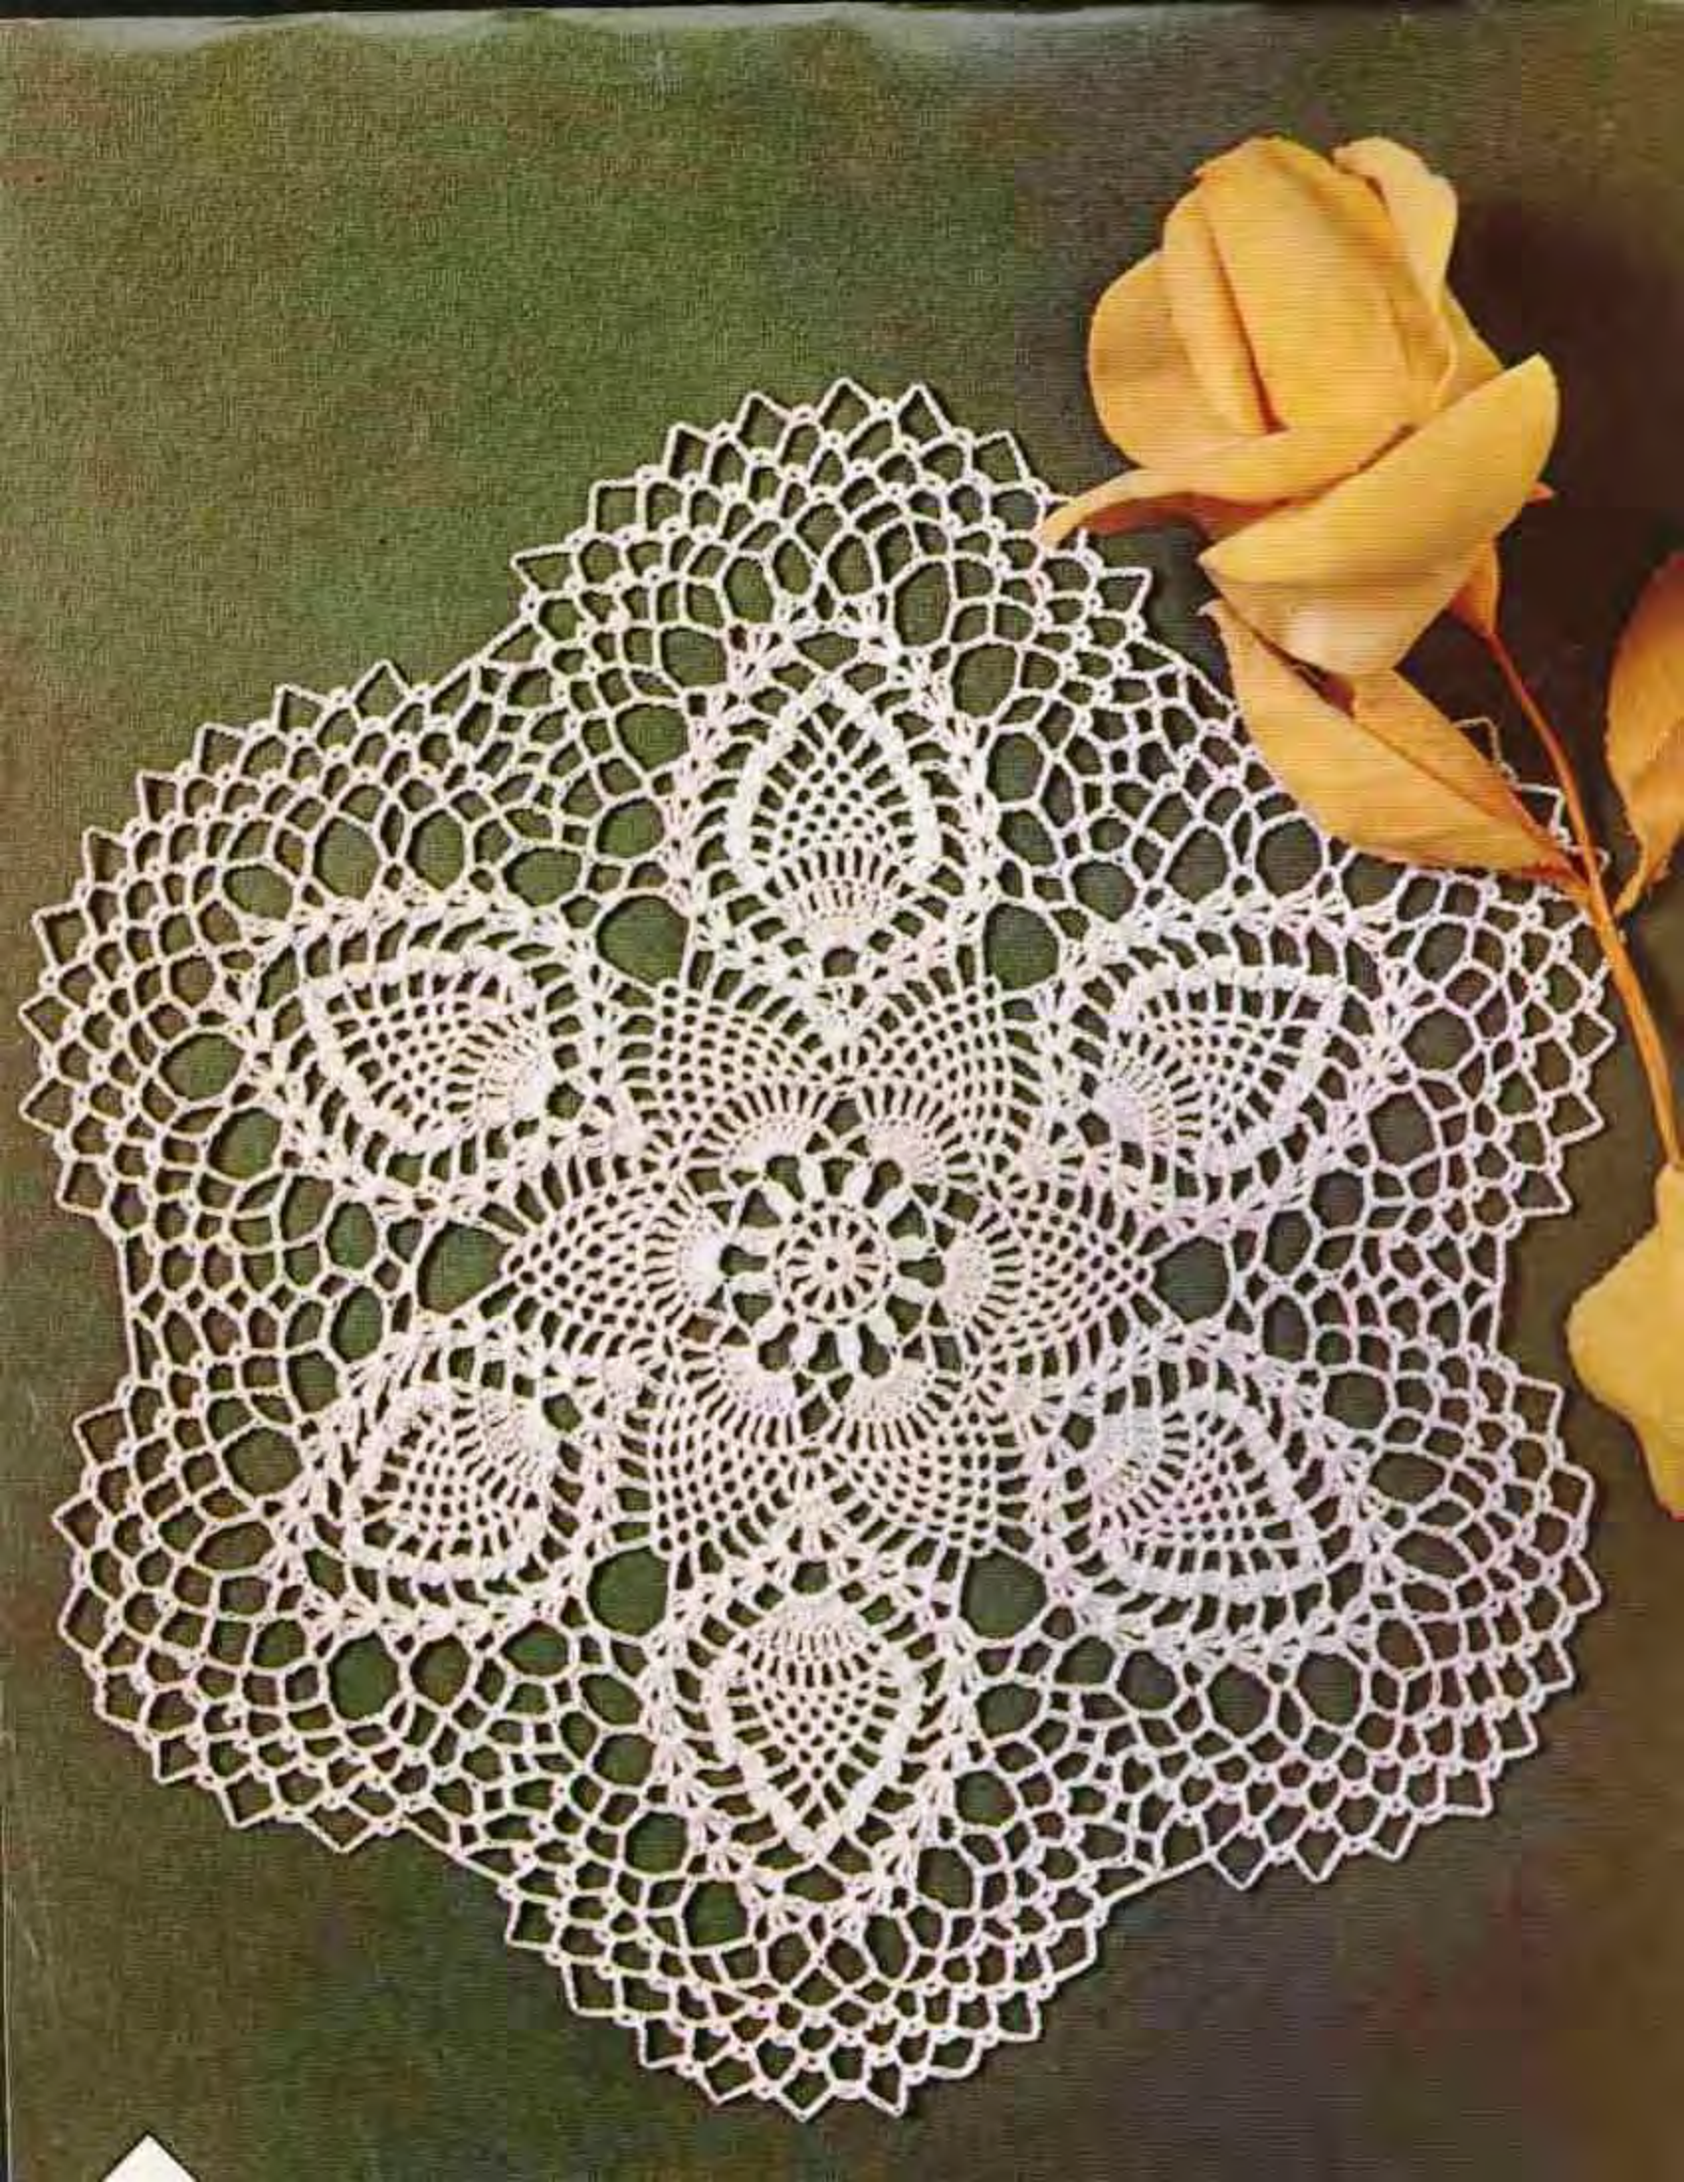
RICOT SELECTION



Dear Reader,

TRICOT SELECTION is happy to bring you MAGIC CROCHET, a magazine dedicated to crochet lovers everywhere. We hope you will try the beautiful designs shown here, and that our instructions will guide you to a successful finish.

We would like to call your attention to some special features :

1. Instructions and symbols for the basic crochet stitches, plus information on assembling finished work and finished motifs, are given at the end of the magazine.

2. Along with each project you will find written instructions and a detailed design chart. Boldface numerals with two small slashes alongside, or numerals in large type all indicate row number on the charts. The smaller lightface numerals indicate the number of chain stitches in a particular loop.

If any problems arise or if you have any question please write us at :
